MEMORANDUM FOR DEPUTY DIRECTOR OF CENTRAL INTELLIGENCE

SUBJECT: (Uncl) Proposed Program for Air Force Reserve Personnel

1. Reference is made to your Memorandum, subject as above, dated 7 June 1954.
2. This headquarters concurs in your proposal for the establishment of an AFRes Mobilization Designation Program for Air Force Reservist civilian personnel of the CIA.
3. For purposes of administration only, these personnel will be assigned to Headquarters USAF (Mobilization Designation Reserve Section - MDRS), for duty with the Office, Secretary of the Air Staff (field extension). Their field personnel records will be maintained by the Directorate of Reserve Affairs, Headquarters Command, USAF, Bolling Air Force Base, Washington 25, D. C., and the Mobilization Training Officer appointed by your agency will accomplish all liaison relative to assignment, training and administration with the Ready & Standby Reserve Branch, Reserve Activities Group, Directorate of Military Personnel, DCS/P, this headquarters (Major W. J. Rogers or Captain L. A. Keefe, ext. 78749, room 5C514, Pentagon).
4. It is requested that your Mobilization Training Officer telephone or visit Major Rogers or Captain Keefe at the earliest practicable date, to be briefed relative to all details of administration of the program.

MEMORANDUM FOR: CHIEF, OF STAFF, UNITED STATES AIR FORCE

SUBJECT: Proposed Program for Air Force Reserve Personnel

1. The Air Force Reserve personnel employed by this Agency are participating in the Reserve Program by assignment to the [redacted] [redacted] This Squadron is under the new Washington Air Reserve Center for administration. Squadron members receive inactive duty training by weekly participation in evening "All Services Training Sessions" sponsored by the Agency. Air Force active duty short tours are seldom available for these people.

2. I am of the opinion that most of our reserves are highly desirous of retaining reserve proficiency and status; however, the incentives of the presently available program are so few that the percentage of participation is unsatisfactory. Further, it is believed to be of mutual benefit to the Air Force and this Agency for our employees who are reserves to retain their reserve standing.

3. It is estimated that CIA has a mobilization requirement for Air Force personnel in excess of five hundred. Firm categorized data on this requirement will be furnished at a later date.

4. In discussions with representatives of the Air Force Director of Training and the Chief, Reserve Activities Group, Directorate of Military Personnel, it was suggested that our Air Force reserves be placed in the mobilization designee category as a first step toward the fulfillment of the above stated Agency mobilization requirement. I concur with this suggestion and hereby propose that it be adopted and recommend that immediate action be taken to designate [redacted] positions to be filled entirely from Agency personnel, composed of [redacted]

positions should not be designated by AFSC, so that the flexibility required for any mobilization plan may be retained.

5. It was further suggested that these designee personnel be assigned to USAF Headquarters Command for administration; that they would share and share alike with other Headquarters USAF reserve designees in the receipt of quotas for short active duty tours; that all short tours for CIA personnel would be outside the Agency for better Air Force orientation of trainees; and that the above-mentioned Agency-sponsored evening "All Services Training Sessions" would suffice for the inactive duty training requirements.

6. If this proposal is adopted, I will appoint a Mobilization Training Officer who will devote Agency duty hour time as required for training, reporting, record keeping, liaison, and planning.

25X9 7. It is therefore requested that ~~early~~ action be taken to authorize ☐ designee spaces to this Agency in the grades indicated, in paragraph 4 above in order to get this program under way.
